SUMMER LEARNING

ABOUT US

At My Online Academy, our mission is to promote student-centered online learning communities by developing and monitoring every school's online academy. We partner with schools, teachers, and families to encourage and inspire student success.

SUMMER LEARNING ACADEMY AT YOUR SCHOOL

From May through August, implement a cost-effective and successful summer learning program at your school. Students can schedule summer fun while completing courses for credit. Additionally, they can work on their courses at any time of day from any location.
